Re: May Palmer, *The Queen of Ivory Soul*

To Whom It May Concern:

Please accept this heartfelt letter of recommendation as our endorsement of Singer/Entertainer, May Palmer, *The Queen of Ivory Soul*. We believe she would be an asset for your venue or for any events you may be planning in the future.

We have had the pleasure of having Ms. Palmer perform for us at Sojen Cellars to incredible response from our patrons. In fact, we were so impressed with her singing talent and her ability to draw new customers to our Tasting Room, that we have retained her services for the next six months.

In addition to her singing/entertainment abilities, we continue to appreciate May's attention to business details, including preparing promotional materials for her scheduled performances. It has truly made a difference in building up our brand in the local community.

In closing, we highly recommend May Palmer, The Queen of Ivory Soul. Please feel free to contact us should you need additional information. Thank you.

Sincerely,

Max V. Jensen and Jennifer D. Jensen
